Short description:

They used to hunt in packs... The Imperium thought that was too barbaric.

Description:

A full featured, to-scale model of a Warhound Titan for use in Apocalypse games. It was modeled based on patterns that can be found here: <http://fromthewarp.blogspot.com/2009/04/clash-of-titans.html> The credit for the original design goes to whoever made the original patterns. I added the snap together parts and gave the weapons a little more detail, as well as a few other changes. Made to Print on a bed with a volume of 200mm³.
